

Capability Statement

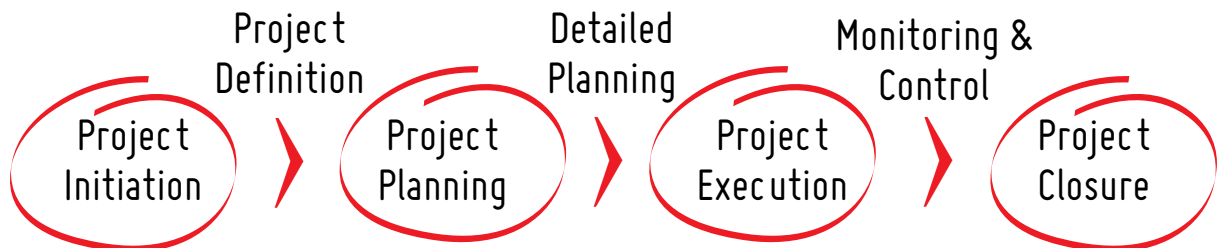

Project Management Consulting and Project Controls

Project Consulting (Piloting the plane)

Delivering value by applying project management to negotiate the complexities of capital, time, strategic and resource constraints is a challenging task. We manage this challenge by applying best practice Project Management principles, supported by the right methodology to select the best fit-for-purpose project approach to lead and support projects and project teams from Study through to Implementation Phases.

VBKOM delivers value-creating projects through the utilization of internationally accredited Project Managers with cross-disciplinary (technical and industry) experience backed by industry accreditation, participation and affiliation.

We follow a progressive project development methodology, aligned with the client requirements while complying with industry standards and best practices.

Project Controls (Managing the control tower)

Project controls are the mainstay of any project and actively supports all the phases of the project from initiation, through planning and implementation to closing.

Our range of project controls services will ensure that your project is scoped and planned correctly, that process controls are in place, and critical documentation is on hand to enable your business team to make key decisions based on real-time data.

Project managers and their teams will benefit from our key strengths: team integration, tailored methodologies, and a disciplined, proactive approach to monitoring and quality deliverables.

B-BBEE & ESG Commitments

VBKOM is a **B-BBEE Level 1** contributor and prides itself on the advancement of B-BBEE and ESG (Environment, Social, and Governance) goals, such as these recent initiatives in 2019 and 2020:

- As part of the Youth Employment Scheme (YES) Programme VBKOM has employed two (x2) graduates to help build their careers.
- VBKOM has concluded a joint-venture (JV) and formed Sehlare Sa Meetlwa, a local 51% black-owned company in the Northern Cape.
- VBKOM also contributes to the local community through charity organisations, i.e. CancerSA and Ki-Deo Children's Home
